Manatee School For the Arts

Code of Student Conduct and Expectations of Parents

Manatee School For the Arts (MSA) believes that students deserve a learning environment that is safe, free from distraction or threat and allows each student to strive to do their best. Faculty and staff are expected to maintain such an environment that will expedite these goals. This code of conduct describes student behaviors. Students are required to learn these rules and complete a Student Contract acknowledging their understanding and acceptance of this code.

Rules of student conduct are guided by the law, good parenting, common sense, a sense of decency, mutual respect and compassion. We believe that students need to know the limits of acceptable behavior. They also need to know that there are consequences for exceeding the limits. Parents are expected to cooperate and support the school in its quest to enforce these limits.

Manatee School For the Arts (MSA) believes that parents are responsible for the behavior of their student(s). Parents are expected to make themselves familiar with this code and help their students abide by it. Parental involvement and support of the school and its policies are essential components of a student's successful experience at Manatee School For the Arts. Parents are required to complete a Parent Contract acknowledging their understanding and acceptance of this code.

Manatee School For the Arts is a charter public school. No student is assigned to this school. All students must actively seek to attend MSA. Applications for attendance have always exceeded the number of students MSA can accept and serve. We believe that it is a privilege and opportunity to attend MSA. Therefore, students must show by their behavior and adherence to school rules that they deserve this opportunity.

Students and parents are advised that MSA uses electronic video surveillance in classrooms and throughout the school and grounds seven days per week, twenty-four hours per day. It is designed to help protect all members of the campus community.

STUDENT BEHAVIOR & EXPECTATIONS

Students will show respect for authority. Students demonstrate respect by responding to directions from faculty and staff and by answering questions promptly. Students are expected to use a tone of voice and volume that demonstrates courtesy and deference to adults and authority figures. This same respect must be extended to a student's parents whenever they are on campus.

Students are always free to question adults. However, it must be done in a civil tone, be non-threatening in nature and once responded to, not repeated so as to become disruptive. Obscene or profane language is never acceptable by students or parents/guardians.

No student rises to the level of an adult in conversations, exchanges or disagreements. If a student feels offended or that his or her rights have been violated by a teacher, staff member or other adult, the student should contact Student Services, an administrator or another trusted adult employee. An individual so contacted is required by the school to submit a formal report to the Principal's office for investigation. If the complaint involves the Principal the report should be submitted to the school's Student Support office.

Students should never accuse adults of behavior that they know did not occur, nor should they repeat allegations of behaviors that they did not personally observe. Students and parents must be aware that false or unsubstantiated reports or stories about faculty or staff or other adults may rise to the level of defamation of character and can form the basis for civil or criminal actions against the student and may create liability for the parent.

Students should strive for academic integrity, by being honest about any and all work to parent(s)/guardian(s), teachers and peers; taking responsibility for their own work; and understanding that disciplinary action of breaking any academic rules.

Students will show respect for property. Students will use care whenever they enter the school and use its property. Parents and students should understand that they may be charged to replace or repair any damaged or destroyed equipment or property. Examples of behaviors:

- ❖ Students are expected to wipe their feet before entering the building.
- ❖ No running or jumping inside the building is allowed.
- ❖ No standing or jumping on tables, chairs, desks, or furniture. No sitting on desks.
- ❖ No sitting on tables or other furniture or equipment not intended for sitting.
- ❖ No writing on desks, tables, chairs or any other school property.
- ❖ **No food or drinks except in designated areas. Basic rule: no food in any classroom, hallway, restroom or changing room.**
- ❖ Computers, textbooks, musical instruments, or other equipment will not be used in any manner that might result in damage or destruction.
- ❖ Students will not play with or discharge any fire extinguisher or tamper with or falsely activate a fire alarm.
- ❖ No glass bottles/containers are allowed anywhere on campus.
- ❖ Students may bring ONLY water to school in clear, plastic containers, with the exception of the student's assigned lunch period.

Students will respect others' rights and property. Manatee School For the Arts will not tolerate any type of assault, fighting or inappropriate touching. Nor will threats, intimidation or harassment, either verbally, physically, sexually or psychologically, be tolerated.

- ❖ **Taking, moving, tampering with or hiding someone else's property is not allowed.** All property on campus is presumed to belong to someone. It is not free for the taking even if the owner is not obvious. Any unattended property should be taken to lost and found or left alone. Removal from campus of someone else's property without their knowledge or consent is considered theft. Consumption of someone else's food, drink, supplies or materials without their consent is considered theft. Parents should contact the school if their student brings home items that they do not recognize, seem inappropriate or if the student has no reasonable explanation as to how they obtained them.
- ❖ **Destruction of another student's property/yearbook** may result in disciplinary action including suspension and the financial responsibility of replacing destroyed property. Destruction includes inappropriate drawings, comments, profanity, destruction of images and physical damage to the yearbook. Determination will be up to MSA staff.
- ❖ **No fighting**, including "games" such as "five seconds," "bloody knuckles," "eraser game", "choking game", slap-boxing, etc. This also includes shoving matches, wrestling, poking, body to body posturing or "in your face" talking or shouting. Parents must understand that physical contact is rarely justified. **Please do not encourage your student to "stand up for themselves" by striking another student.** If a student feels threatened, they should leave the situation and report it to Student Support, a teacher or administrator immediately. Any physical contact may lead to criminal charges against the student and may create financial liability for the parent for medical expenses or other damages.
- ❖ **No harassment or name-calling.** Harassment may be manifested verbally, in writing, through gesture or body language. It is especially important that no racial or ethnic slurs or epithets be used. This is applicable even if the individuals involved are of the same race or ethnic background. Language of a sexual nature, including labels indicating sexual behavior or preference, is expressly prohibited. This is true whether the students are of different sexes or of the same sex. It is also unacceptable to harass students because of disabilities or other individual differences. Students need to understand that the words they use verbally or in writing can constitute harassment and in some cases may, in fact, be criminal or form the basis of a hate crime. Parents are encouraged to review language and expressions used around the house to ensure that inappropriate language is not used at school.
- ❖ **No false accusations.** Students should never accuse other students of behaviors they know did not occur, nor should they repeat allegations of behaviors they did not personally observe.
- ❖ **No intimidation, extortion, etc.** Students may not force or coerce other students into behaviors through the use of physical, verbal, or psychological force or threat. This includes attempting to keep other students from reporting violations of the Student Code of Conduct or other illegal activity. It is a violation of this code for students to either attempt to coerce students to associate with other students or prevent them from associating with students of their choice.
- ❖ **Sexual harassment.** Students may not make unwelcome sexual advances or requests for sexual activities. Harassment may be manifested verbally, in writing, through gesture

or body language. This is true whether the individuals are of different sexes or of the same sex.

- ❖ **No unwanted or inappropriate touching.** Kissing, hugging or other public displays of affection (PDA) on campus is not allowed. High school students may not have physical contact of any kind with a middle school student. Unwanted touching of a sexual nature may be considered assault and/or sexual harassment.
- ❖ **All sexual activity is inappropriate at school and is prohibited.** This is true whether the individuals are of different sexes or of the same sex. Any physical contact of a sexual nature is prohibited. Exposing breasts, buttocks, genitalia or other sexually explicit parts of the body is prohibited. **Parents should be aware that inappropriate behavior in any of these areas may form the basis for criminal and/or civil proceedings as well as dismissal from the school.**

Students will not engage in disruptive behavior. Disruptive behavior is prohibited at all times. This includes anytime the student is on campus; such as before school care, during class, in the halls, lunch, after school, evening or weekend functions at the school. It also includes any school-sponsored event or field trip and when riding the bus to and from school. Participating in disruptive behaviors may result in disciplinary actions up to and including dismissal from MSA. Examples of disruptive behavior include, but are not limited to, the following:

- ❖ **Inappropriate or excessive talking** or singing, whistling, humming, making odd or unusual sounds or shouting out.
- ❖ **Distracting other students verbally or physically.**
- ❖ **Not being in an assigned seat or area.**
- ❖ **Refusing to engage in class activities** or enticing other students not to participate.
- ❖ **Leaving a class, activity or the campus without permission.**
- ❖ Once a student arrives on campus, they are to stay on campus until signed out by a parent for dismissal. Students may not leave campus after arriving during the school day.
- ❖ **Violations of the uniform dress code.**
- ❖ **Tardy** to school, class or other activity.
- ❖ **Gang** or cult related activity/behavior including actions, clothing, graffiti or insignia that identify a group or philosophy that is potentially inflammatory or disruptive. This includes flashing gang signs, writing gang related signs, wearing or arranging clothing to indicate or imply gang membership.
- ❖ **Gambling** or any participation in games of chance for money and/or other things of value.
- ❖ **Student use of communication devices.** Cell phones, including smart watches, may be brought to school, but are the responsibility of the student. Misplaced or stolen cell phones will be given the same consideration as any other lost or stolen item.

Cell phone/Smart Watches:

- ❖ Starting at the first bell, cell phones are to be turned off and put into the student's backpack.
- ❖ Smart Watches may be left on, but may only be used for communication purposes during lunch, same as cell phones.
- ❖ May be used at lunch, when a student is seated at a lunch table only.
- ❖ May not be visible in the building with the exception of the cafeteria, as described above, or when used for a specific teacher directed project as described in their lesson plan.
- ❖ Phones must be turned off during the school day, except as listed above.
- ❖ Any phone seen or heard will be confiscated.
- ❖ Use is **prohibited** in the restrooms and changing rooms. Phone will be confiscated and will result in disciplinary action.
- ❖ Use of a cell phone/smart watch during class may result in suspension.
- ❖ If a phone has automatic turn on/turn off capabilities the battery must be removed.
- ❖ **Violation of the cell phone policy may result in disciplinary action and/or loss of privilege.** Failure to comply will result in the phone being turned in to Student Support and a parent will be required to pick up the phone. Phones will **not** be returned the same day they are confiscated. **NO EXCEPTIONS.** Phones can be picked up from 9:00am to 5:00pm. Cell phones can be mailed at a cost to the parent. Subsequent violations of cell phone policy may result in loss of privilege to bring cell phones to school.

Student use of electronics and toys: Electronic games, laser pointers, trading cards, stuffed animals, and any other toys or games are never allowed to be used during the school day. Personal music devices, cameras, radios or other such toys, devices and personal items are not allowed. Electronics **may only be used at lunch, when a student is seated at a lunch table.** If brought to school it is at the student's and parent's own risk and **MSA is not responsible if it is lost or stolen.** Failure to comply will result in the item being taken away and a parent will be required to pick it up between 9:00 am and 5:00 pm Monday through Friday only. Confiscated items will **not** be returned the same day it is taken.

- ❖ **Skateboards, roller skates, scooters, etc.** may not be brought to school or used on any school property without permission and guidance from Student Support.
- ❖ **Rolling backpacks** are not allowed to be used. If the rolling backpack is necessary parents must obtain written permission from the principal or designee.
- ❖ **Bicycles** may be ridden to school. However, all bike riders must have protective headgear as required by Florida law. F.S. 316.2065 Bicycles should be secured outside.
- ❖ **Yearbooks** are the responsibility of the student and MSA is not responsible if lost or stolen.
- ❖ **Headphones** or earbuds must be put into backpacks at the first bell of the day. They may be used when seated at lunch. Failure to comply will result in the item being taken away and a parent will be required to pick it up between 9:00 am and 5:00 pm Monday through Friday only.
- ❖ **Footballs, Frisbees, and other throwing toys** are strictly forbidden.

CLASSROOM BEHAVIOR

Students are expected to behave in the classroom in a way that maximizes the potential for their learning as well as the learning of those around them. Some of the teachers may require additional or different applications; however, generally, the following behaviors are expected.

- ❖ **Students are to be in the classroom when the class is scheduled to begin.**
- ❖ **Students will remain in class unless given permission to leave.**
- ❖ **Students are expected to participate in all required activities of the class.** This includes outside, evening or weekend performances that may occur during the school year.
- ❖ **Restrooms should be used between classes.** There is ample time to use the restroom between classes or at lunch. Students should make a habit of routinely using the restroom after lunch and during class breaks even if they do not feel an urgent need to do so. When in class, students should ask to use the restroom only in an emergency. Some teachers may require additional work if the student is allowed to leave the room for any reason.

Parents – you should notify the school in writing if your student has medical problems, such as bladder control, urinary tract infections, etc. that may require frequent or unexpectedly urgent restroom use. A letter from the student’s doctor is required for their file. This information will be given to your student’s teachers so they can be better prepared to accommodate your student’s needs.

- ❖ **Students may not change clothing in the restroom.**
- ❖ **Students should come to class prepared.** They should have all materials and assignments needed.
- ❖ **Students will follow the rules and procedures that individual teachers apply to their classrooms, including all school rules.**
- ❖ **Students must respond to general and specific directions from the teacher.**
- ❖ **Students will not engage in disruptive behavior.**
- ❖ **Students will use their class time wisely.** They will complete assigned tasks and use any additional time to work on other projects or assignments.
- ❖ **Students should raise their hand to be recognized unless the teacher has directed them otherwise.**
- ❖ **Students should ask the teacher to explain or clarify an assignment that the student does not understand.**
- ❖ **Students may only use the designated electronic charging stations where available.** Students may not plug in any device without express permission from school staff. Wall outlets and other undesignated outlets are not to be used by any student.
- ❖ **Students are often required to take home and give to parents flyers or other informational handouts from class and the school.** They should return any correspondence from a parent to the school or a teacher in a timely manner. Students should also deliver correspondence from a teacher to a parent in a timely manner.
- ❖ **Students in movement based classes are subject to a strict no jewelry, watches and accessory policy to maintain the safety of students.** This policy is to be followed at all times.
- ❖ **Field Trips and extracurricular activities.** Participation in extracurricular activities and field trips will be based on a student’s grades, behavior and disciplinary record.
- ❖ **Umbrellas – students must ONLY bring foldable umbrellas to school.**

Extracurricular Activity Expectations

Extracurricular activities and teams at Manatee School For the Arts are an excellent way to further develop a student's ambitions with arts and athletics. Students who want to participate in these activities are expected to exemplify school rules. If a student violates the Code of Conduct, their eligibility to participate in these activities may be denied. Individual teams or groups will have their own disciplinary action plan in accordance with this Code of Conduct.

STUDENT PARKING ON CAMPUS

Student parking is available for students beginning in tenth grade. The student is required to carry at least a 2.0 grade point average and not be on behavioral probation. Campus parking is a privilege and may be revoked due to cases permitting disciplinary action. Parking permits are \$40.00 annually and will be prorated per quarter. The student must hang a school supplied parking permit from the rearview mirror in the windshield and be visible at all times. Students are not permitted to park in the faculty/staff lot. The student must register with Student Support and provide the following information:

- ❖ Copy of driver's license
- ❖ Copy of vehicle registration for each vehicle to be parked
- ❖ Proof of insurance

Cars illegally parked on campus may be subject to fines and/or towing as determined by MSA Administration.

STUDENT RIGHTS AND RESPONSIBILITIES

It is the intent of the Student Rights and Responsibilities document, that students understand their individual rights, associated responsibilities, and that individual rights must be viewed in relation to the health, safety, and welfare of the majority of students within each school. The Principal shall assume administrative responsibility and instructional leadership for planning, management, and operation of the school. The faculty and staff shall assist in the orderly operation of the school and assure the rights of the students.

ATTENDANCE

Attendance in school is one of the most important factors in student success. Additionally, when students are not in attendance or they are tardy to school/class, it is a disruption to the educational process in that the teacher has to dedicate time to reset and recover the lost time with the student. As a school that uses block scheduling, students' time in class is even more important than in a traditional school. Chronic tardiness itself is disruptive to the educational process not only for the student but for the entire class as it is disruptive to the class as a whole.

The parent of a child of compulsory school age (Age 6-16) is responsible for the child's daily school attendance (F.S. 1003.24). School staff, parents, students, and appropriate state agencies are expected to work together to ensure that laws are obeyed including, but not limited to, referral to the state designated agency for possible court action for extended absence or truancy (F.S. 1003.27).

A student's presence in class is required to maximize the attainment of instructional objectives. For students who demonstrate patterns of non-attendance, interventions may be recommended, including possible removal from MSA and the student being remanded to their assigned home school.

RIGHTS AND RESPONSIBILITIES - Attendance

- Students have a right to know how the school defines and handles excused absences, unexcused absences, and tardiness.
- Students have a right to makeup work they missed during an excused absence or suspension.
- Students have a responsibility to be on time for school and all classes.
- Students have a responsibility to ask their parents to notify the school when they are absent.
- Students have a responsibility to ask teachers for, and to complete, make-up assignments.

Manatee School For the Arts stresses the importance that all students attend school regularly and remain in school until they graduate from high school. However, "A student who attains the age of 16 years during the school year is not subject to compulsory school attendance beyond the date upon which he or she attains that age if the student files a formal declaration of intent to terminate school enrollment with the district school board. Public school students who have attained the age of 16 years and who have not graduated are subject to compulsory school attendance until the formal declaration of intent is filed with the district school board. The declaration must acknowledge that terminating school enrollment is likely to reduce the student's earning potential and must be signed by the student and the student's parents. The school district shall notify the student's parent of receipt of the student's declaration of intent to terminate school enrollment." (F.S. 1003.21) Also be aware that students who dropout or have excessive absences from school are not eligible to receive a driver's license or driver's permit or will have their license or permit suspended. (F.S. 322.091)

Attending school consistently is crucial for meeting graduation requirements. A full year course requires 120 hours of instruction in each subject area for schools with block scheduling. Half credit courses require 60 hours of instruction in any given subject area. (F.S. 1003.436)

NON-ATTENDANCE AND EARLY SIGNS OF TRUANCY: IT IS IMPORTANT TO BE IN SCHOOL EVERY DAY. If your child is not in school, he or she MAY BE showing early signs of truancy through a pattern of non-attendance.

WHAT IS A PATTERN OF NON-ATTENDANCE? A student may be establishing a pattern of non-attendance when he or she is absent and unexcused 5 days in 30 calendar days or 10 days in 90 calendar days (F.S. 1003.26 (b)). However, a student does establish a pattern of

non-attendance when he or she has an accumulation of 15 unexcused absences within 90 calendar days, with or without a parent's knowledge (habitual truant) (F.S. 1003.01 (8)).

Parents and students may verify absences at any time at school or at home by contacting the attendance office. If after an accumulation of absences as noted above, the Principal and/or his designee determines that the reasons for time out of school are invalid, the Principal/designee shall refer the student to the Student Support Team to determine if early patterns of truancy are developing and provide appropriate interventions (F.S. 1003.26 (1)(b)), and/or the State Attorney's Office will be notified due to non-compliance with compulsory school attendance laws.

The State has determined legal implications for parent(s)/guardian(s) for students that show patterns of non-attendance. Please reference F.S. 1003.27 for full details.

REPORTING AN ABSENCE: Students are permitted 9 absences that may be excused by a parent/guardian for a particular school year. These absences must be reported by telephone, written note, or e-mail and/or official documentation. The report must come from a parent and give the date(s) of the absence(s) and the reason for said absence(s). Parents MUST report these absences within two (2) academic days, although the principal MAY make exceptions in cases of need. School staff members have a legal right to ask for a written medical excuse. Any absence not reported within 2 days or presented with official documentation within 5 days will be considered unexcused. Once a student reaches the absence limit (9 absences) official documentation is required for any absences beyond that point.

Parents are expected to communicate with school personnel regarding absences. Parents who do not comply are referred to the State Attorney's Office for failure to comply with F.S. 1003.27 which provides that a parent commits a misdemeanor of the second degree, punishable as provided by law, if the parent refuses or fails to have a child attend school regularly or refuses to participate in meetings concerning the child's truancy.

EXCUSED ABSENCES: Students must be in school. However, when it is necessary to be out of school, absences may be excused for one of the reasons listed below.

A reason for the absence must be provided and absences can only be excused for one of the nine allowed reasons for absences. Some situations will require written documentation from a private physician or public health unit. Excused absences include:

1. Illness. Students who expect to miss school for an extended period of time due to illness, a medical condition, or for social/emotional reasons, or who would miss excessive days intermittently throughout the school year for the same reasons and could benefit from instruction should obtain a copy of the Hospital/Homebound referral packet from the Hospital/Homebound contact person at the school.
2. Illness of an immediate family member.
3. Death in the family.
4. Religious holidays of the student's specific faith.
5. Required court appearance or subpoena by a law enforcement agency.

6. Special event. Examples of special events include important public functions, education enrichment activities, conferences, state/national competitions, college/university campus tour/visit as well as exceptional cases of family need.
7. Scheduled doctor or dentist appointments with a doctor's note.
8. Students having or suspected of having a communicable disease or infestation that can be transmitted are to be excluded from school and are not allowed to return to school until they no longer present a health hazard (F.S. 1003.22). Examples of communicable diseases and infestations include, but are not limited to, fleas, head lice, ringworm, impetigo, pink eye, and scabies. Students are allowed a maximum of five (5) days excused absence for each infestation of head lice.
9. Other as approved by the Principal or designee.

UNEXCUSED ABSENCES: It is the responsibility of the Principal or designee to ensure that parents are contacted after each unexcused absence and to ensure that there are specific, appropriate interventions as a result of each unexcused absence. Parents may receive letters, emails, or phone calls to inform them of their student's unexcused absences. These are generated from official attendance records.

1. Absences are excused only for the reasons previously listed. If absences are not excused, as defined in the previous section, the absences are considered unexcused. This does not apply to suspensions.
2. Students without a completed Certificate of Immunization indicating compliance with the current required schedule of immunizations will not be allowed to attend classes until the certificate is provided or a waiver is obtained. Students who receive the first shot in a series of immunizations but who are late obtaining subsequent shots will be given a 3 days grace period after which they will be excluded from school and the resulting absences will be considered unexcused.
3. Students 14-18 years of age who have 15 unexcused absences within 90 calendar days and have a driver's license or driver's permit will have their driving privileges suspended by the Division of Highway Safety and Motor Vehicles or will not be issued a license or permit if they apply for one. Additional information about procedures and waivers is available from school administration or guidance offices.

EXCESSIVE (unexcused) ABSENCES:

1. 5 Unexcused Absences: Students will receive a warning letter from the school. A parent/student conference will be initiated by the school counselor. Attendance will be tracked through the MTSS Process
2. 8 Unexcused Absences: Students will be reviewed by the Board of Review for Probation. If the board agrees, the student will be placed on probation at school.
3. 12 Unexcused Absences The student will be referred for dismissal from the school

TARDINESS: Tardiness is disruptive to the learning environment and can have a negative impact on student achievement. Excessive tardiness to school will be addressed on a case-by-case basis. Three unexcused tardies to school (first period) will be counted as the equivalent to an unexcused absence. This unexcused absence will be counted in the tallies listed above for possible disciplinary action.

MAKE-UP WORK

1. Make-up work for full-earned credit and grade is allowed for all absences.
2. Students have time equal to their absence to make-up the work for each class day of an absence, not including the day of return. However, previously assigned work is due the day of return. These deadlines may be extended by the teacher for extenuating circumstances.
3. When class work is not completed for a marking period due to excused absences, a grade of "I" may be given. Students must complete the work prior to the end of the next marking period and may earn a grade to replace the "I." In extenuating circumstances, the Principal has the authority to extend the deadline. After the deadline, students will have two weeks to turn in work with a mandatory penalty up to 10%. When these deadlines are not met, the "I" changes to an "F" and may cause a semester course failure. If and when the class is repeated and students earn a grade, the "I" or the "F" will not be counted in computing grade point averages.
4. When a midterm or final exam is not completed, a grade of "I" is given. If students are absent on an exam day, the exam must be made up in order for credit to be given. For each semester exam day students are absent, they will have two (2) days to make-up the exam, not including the day of return. These deadlines may be extended by the Principal for extenuating circumstances.
5. Suspensions: Make-up work for credit and grade is allowed. It is the student's responsibility to get the missed work. A student is NOT allowed to participate in any school activities during the suspension period. Students who are assigned in-school suspension are expected to be in school. These students must complete assignments and turn in work daily.

EARLY SIGN OUTS: When students are signed out early on an ongoing basis, their academic performance may be negatively impacted. The school strongly encourages parents to ensure their student is in school for the full school day every day. Any plans to sign out a student from school should be pre-planned and a note should be turned in to the office first thing in the morning. When students are signed out during the last period of the day, ie 3:30 or later, it is very disruptive to the operation of the school. Without pre-planning an early release after 3:30, the parent is attesting that there is an emergency situation and they have exhausted all options for scheduling the appointment at another time.

Any student under the age of eighteen (18) must be signed out of school by a custodial parent/guardian or someone designated on the student's sign out list. Exceptions to this rule are designated cases of early release students.

STUDENT RECORDS

A well developed student record file contains information needed for making appropriate educational decisions for the student. Student records are to be treated confidentially and should contain information that is relevant, accurate and appropriate.

RESPONSIBILITIES

Enrolling parents, guardians, or eligible students have the responsibility to inform the school of any information that may be useful in making appropriate educational decisions. Parents, guardians, or eligible students have the responsibility to authorize release of pertinent information to those individuals or agencies who are working actively and constructively for the benefit of the student. Enrolling parents are responsible for providing change of address, email or phone numbers to the Front Desk personnel.

RIGHTS

Parents, guardians or eligible students eighteen (18) years of age or attending a post secondary institution, have the right to inspect, review and challenge the information contained in records directly relating to the student. Students have the right to be protected by legal provisions which prohibit the release of personal identifiable information to anyone other than legally authorized persons without the consent of the parent, guardian or eligible student.

NONDISCRIMINATION

Manatee School For the Arts does not discriminate on the basis of race, color, religion, national or ethnic origin, age, gender identity, marital status, sexual orientation, political affiliation, handicap, disabled or Vietnam veteran status.

ENFORCEMENT OF CODE OF CONDUCT

IN THE CLASSROOM

All faculty are expected to develop a disciplinary program that will maintain order in the classroom and create an effective learning environment; to enforce the Code of Conduct at all times and in a fair and consistent manner; and encouraged to use a variety of techniques and approaches to dealing with violations of the Code of Conduct. They are encouraged to speak with parents early and often, especially if a negative behavior is repeated. Only as a last resort will the teacher refer the student to Administration for further discipline.

OUTSIDE THE CLASSROOM, IN BETWEEN CLASSES, LUNCH, ETC.

All faculty and staff are responsible for enforcing the Code of Conduct at all times outside the classroom. Students violating the Student Code of Conduct will be detained and identified. If, in the opinion of the faculty or staff, the behavior warrants immediate attention, the student will be escorted to Student Support. Otherwise the student's name and offense will be reported to the Student Support Office for administrative follow up.

FORMAL DISCIPLINARY ACTIONS

An asterisk (*) indicates that the student will automatically be referred to the Student Review Committee (see page 24).

2. **Work Assignments/ Campus Community Service:** Supervised activities related to upkeep and maintenance of school facilities and grounds.

5. ***Out-Of-School Suspension:** The student is banned from the campus for a specified period of time, normally not to exceed ten school days, including all school activities.

The Principal may not return the student to that teacher's classroom without the teacher's consent unless the Student Review Committee determines that such placement is the best or only available alternative.
10. ***Written Warning:** The student is put on notice that his/her behavior has been reviewed and further violations of the Student Code of Conduct may result in Behavioral Probation, dismissal or other formal disciplinary actions.
11. ***Behavioral Probation:** The student's behavior will be observed and reviewed for a specific period of time by faculty and/or staff to determine if previous violations of the Student Code of Conduct have recurred or other violations have occurred. Evidence of subsequent violations may lead to other formal disciplinary actions.

Dismissal by the Principal may result from a single critical incident involving a serious violation of the Student Code of Conduct, or may result from the recommendation of the Student Review Committee following one or more student referrals, or repeated occurrences of the same or different offenses.

¡HOLA! Elementary believes in xxxx. Thus, before any disciplinary action is taken, a student is entitled to due process which includes an investigation, witness information, and the opportunity for the student to present his/her side of the incident.

If the immediate suspension of a student is necessary, due to a serious breach of conduct, the necessary notice and conference will follow as soon as practical. *Serious breach of conduct is defined as an act of misconduct serious enough to warrant suspension and/or dismissal before other alternatives are attempted.

SPECIFIC GROUNDS FOR DISCIPLINARY ACTION

Classroom teachers are strongly urged to deal with general classroom disruption by taking in-class disciplinary action, by making a personal call to the parent, and by scheduling conferences with parents and other school staff. Only when the action taken by the teacher is ineffective, or the disruption is sufficiently severe, should the student be referred to the Principal or his/her designee. Failure to bring notebook, pencil, books, or required materials and equipment to class may be cause for disciplinary action.

In dealing with the following violations of the Code of Conduct, the Principal and his/her designee shall hear the student's explanation, and consult further with the teacher, if necessary, before determining the disciplinary action. Due process procedures are adhered to in all investigations of a discipline problem. When a student commits a serious breach of conduct, immediate suspension or dismissal is permitted. PROCEDURES FOR SUSPENSION AND DISMISSAL

Since suspension and dismissal of students from school are extreme measures, such action should only be taken when all other available resources have been exhausted in constructively coping with student misconduct. After a due process hearing, if the decision is made to suspend a student, the following provisions will apply:

1. Prior to the suspension, the Principal or his/her designee will make a reasonable effort to inform, by phone, the student's parents of the decision to suspend.
2. Each suspension, with the reason therefore, shall be reported in writing, within twenty-four (24) hours, to the parent and the Superintendent of the School Board of Manatee County. The official suspension letter to the parents must be sent through the mail or delivered in person. A copy of the letter may be delivered to the parents by the student.
3. No one suspension shall be more than ten (10) days.

STUDENT REVIEW COMMITTEE

The Student Review Committee is a standing committee of faculty and staff who review behavioral records of students to determine whether a student should be recommended for dismissal or other formal action.

MEMBERSHIP

The Principal appoints the chair and all members of the committee. One faculty member from each grade level will be appointed to serve on the committee.

CAUSES FOR REFERRAL TO THE STUDENT REVIEW COMMITTEE

When a student is given an in-school or out-of-school suspension penalty or is removed from the classroom by a teacher, due to behavior, his/her case is automatically referred to the

Student Review Committee. Additionally, the Principal or his/her designee may refer a student to the Student Review Committee after repeated violations of the Student Code of Conduct.

PROCESS

The Principal or his/her designee will present the student's file and record to the Student Review Committee. After reviewing the student's file, the Committee, at its discretion, shall use any or all of these sources of information.

- ❖ Referred student interview
- ❖ Parental interviews
- ❖ Teacher and staff interviews
- ❖ Other student interviews
- ❖ Student Support interviews
- ❖ Any other source or resource deemed relative to the inquiry at hand

In the event of a permanent classroom removal, the teacher removing the student will deliver a file with the following written information to the committee:

- ❖ Incident reports
- ❖ Documentation of dates, infractions, etc.
- ❖ Documentation of actions taken and discipline applied.
- ❖ Documentation of accommodations, modifications, etc.
- ❖ Log of contacts and attempted contacts with parents, including dates, times, etc.
- ❖ Report of outcomes of teacher/parent contacts, in person, by telephone or other electronic communications, including conferences, etc.

The Committee will use parliamentary procedure, guided by, but not strictly required to follow, Robert's Rules of Order. A simple majority of committee members must be present before a vote for formal outcome may be taken.

- ❖ The committee will review all available information either as a whole during a formal meeting or by passing the collection of data among the members in a timely fashion prior to a formal meeting.
- ❖ The committee shall engage in open discussion regarding the gathered information.
- ❖ Any member and the chair shall be free to express their opinion and perspective on the case.
- ❖ If the student was referred because of Behavioral Probation, Suspension, discipline history or at the request of the Principal, after discussion, the committee will vote to recommend one of the following formal outcomes:

1. No further action against the student
2. Written Warning
3. Behavioral Probation
4. Continued Behavioral Probation
5. Dismissal

If the student was referred because of removal from class:

1. Student should be returned to class with or without consequence
2. Student should be moved to a different class with or without consequence
3. Student should be dismissed

Following each meeting of the committee, the chair will forward to the Principal any recommendations from the committee. Then the Principal will review the recommendations and make a final determination of action to be taken.

SUSPENSION AND DISMISSAL OF EXCEPTIONAL EDUCATION STUDENTS (ESE) AND STUDENTS WITH DISABILITIES

Manatee School For the Arts expects all students to comply with the Student Code of Conduct and Rights and Responsibilities of Students and Parents as adopted by the MSA Board of Directors. The school recognizes, however, that in the case of certain exceptional education students, infractions of the Code of Conduct may be a manifestation of the student's handicapping condition and warrant special consideration and procedures. These procedures do not apply to gifted students.

SUSPENSION OF EXCEPTIONAL STUDENTS

The procedure for suspension of an exceptional student shall be the same as for a non-handicapped student except as noted below:

- a. A copy of the notification of suspension shall be forwarded to the School's Coordinator of Exceptional Student Services
- b. Under the direction of the Coordinator of Exceptional Student Services, the school will conduct a review of the Individual Education Plan (IEP) for students with multiple suspensions. The IEP review meeting must be held before the tenth day of cumulative suspensions and a manifestation determination must be made.

DISMISSAL OF EXCEPTIONAL STUDENTS

At the direction of the Principal or upon recommendation for dismissal by the Student Review Committee, the Coordinator for Exceptional Student Education/Student Services and school staff shall conduct a review of the Individual Education Plan (IEP). The review meeting must be held to determine manifestation. Participants at the meeting shall review all data relating to the recommendation for dismissal, including, but not limited to, eligibility criteria, goals and

objectives and the behavior intervention plan as specified in the student's Individual Educational Plan (IEP). They will do a Functional Behavioral Assessment before determining whether or not the student's behavior is a manifestation of the student's disability. If it is determined that the student's conduct is a manifestation of his/her handicap, the school shall conduct an IEP meeting to determine the adequacy of the current special program and related services. The IEP meeting may occur in conjunction with the staffing meeting or as a separate meeting. Any such meeting which affects either a change in the IEP or the special education placement shall conform to rules concerning participants at the meeting, procedures for conducting the meeting, procedural safeguards for parents and guardians of handicapped students and parental consent for change of placement.

Adjustments to the IEP and/or placement may include options such as:

- a. Additional related services
- b. A change in disciplinary procedures used
- c. Provision of a special program in another setting
- d. Involvement with programs funded by other agencies

It is important to ensure that any proposed change in the educational program meets the individual needs of the student, allows for a placement in the least restrictive environment, and takes into consideration the welfare of other students. If it is determined that the student's conduct is not a manifestation of the student's handicap, the Principal may follow the school's procedures for dismissal.

SUSPENSION AND DISMISSAL OF STUDENTS CONSIDERED DISABLED UNDER SECTION 504

When a suspension (in or out of school) constitutes a change of placement for a 504 student, then manifestation determination will be completed before making the change. A change of placement occurs after 10 or more consecutive days of suspension or a series of shorter suspensions which total 10 or more days and reflects a pattern. If no pattern exists, then a 504 disabled student may be suspended for more than 10 days. Under Section 504, "in-school" suspension is permissible provided the 504 Accommodation Plan is continuing to be implemented.

Before dismissing or suspending a student for more than 10 days, a committee consisting of the School's Coordinator of Exceptional Student Services and the Student Review Committee will meet to review data surrounding the disciplinary infraction together with the student's existing evaluation data. On the basis of this evaluation, the Committee conducts a manifestation determination to determine if the behavior was a manifestation of the student's disability.

If the committee determines the behavior was a manifestation of the student's disability, then the student cannot be dismissed or suspended for more than 10 days. If the committee determines the behavior was not a manifestation of the student's disability, then the student may be dismissed or suspended for more than 10 days.
